

# SUPERIOR SUSTAINED PERFORMANCE & SAFETY

## FLOOR SCRUBBER BATTERIES

SCAN ME

### **SUPERIOR PERFORMANCE.**

We offer a complete range of industry leading, non-hazardous, maintenance-free Discover DRY CELL Traction and Lithium Batteries designed to meet your floor scrubber and cleaning equipment needs.

Completely sealed, non-spillable Discover batteries deliver power for the most demanding floor cleaning and polishing jobs and are also durable, efficient, and engineered to last. Our batteries provide superior performance and are designed to conserve resources, improve safety, and reduce waste.

## DRY CELL AGM TRACTION/INDUSTRIAL

Discover DRY CELL AGM batteries are trusted by the world's top Floorcare OEMs. Discover offers a purpose-built range of battery technologies to fulfill specific operational and equipment needs.

These batteries are designed to deliver long runtimes, high operating current, and withstand deep discharges, which is ideal for powering equipment that is used multiple times per day. DRY CELL Traction batteries are AGM, leak-proof and maintenance-free, efficient, and rechargeable.

## LITHIUM BLUE

Discover Lithium BLUE batteries offer BMS-controlled safety, long-life, lightning-fast charging performance, and real-time Bluetooth access to battery State of Charge, voltage, current, and temperature status.

Lithium BLUE batteries reflect Discover's Design for Excellence philosophy, incorporating suitcase-style carrying handles, and field serviceable fuses. Lithium BLUE batteries are safe, easy to install, and parallel for more capacity.

## LITHIUM PROFESSIONAL

Discover Lithium PROFESSIONAL batteries are designed for hassle-free replacement of popular GC-size batteries in floorcare machines. With a high-current GEN-4 BMS, the batteries deliver peak power and fast 1C continuous charge and discharge rates. Lithium PROFESSIONAL include self-heating capabilities, allowing for cold charge functionality and advanced communication protocols for seamless system integration.

Lithium PROFESSIONAL are IEC 62619, UL 2271, CE, and UN38.3 certified.
